Microsoft Gold Certified Partner, Elliott Davis Technology Solutions, LLC (EDTS) attends Microsoft Worldwide Partner Conference

AUGUSTA Ga., Jul. 24, 2008 – Elliott Davis Technology Solutions, LLC (EDTS), a full-service technology consulting firm, announces the attendance of EDTS' Managing Shareholder, Charles Johnson, and Chief Operating Officer, Will McGee, at Microsoft's Worldwide Partner Conference (WPC) in Houston, July 7-10, 2008. Invitations to the conference were extended to Microsoft's partner community only.

"The Microsoft Worldwide Partner Conference provides Microsoft's partner community with access to key marketing and business strategies, leadership and information regarding specific customer solutions designed to help partners succeed in the marketplace."

Microsoft's WPC allows partners to learn more about business growth opportunities and product innovation from Microsoft executives. Topics such as Microsoft Online Services, Windows Vista compatibility, Windows Mobile communications, Small Business Server Solutions and Environmental Best Practices were addressed throughout the week by keynote speakers and in partner breakout sessions.

"The WPC is a great opportunity for us, as a Microsoft Gold Partner, to gain valuable knowledge from peers and to stay abreast of the latest Microsoft products and technologies," says Will McGee, EDTS' chief operating officer. "We look forward to rolling out these new innovations to our client base," added McGee.

About EDTS:

EDTS is a full-service technology-consulting firm offering a wide range of comprehensive business technology services. They concentrate on providing end-to-end networking and security solutions for clients in the Southeast with primary focus areas of practice in network integration, support, security and maintenance.
